

Johnathan Hare

I am a strong leader who loves to work with others in challenging environments. Making sure work is done to a high standard is a key value of mine.

EXPERIENCE

Wetherspoons, NE23 1DN, Floor Associate

March 2024 - July 2024

In this position, I had to clean tables and serve food to customers. I learned critical food safety techniques which I have been using since. I learned how to work together in a team so that work could be carried out more efficiently.

McDonalds, NE23 7QA, Crew Member

November 2024 - Present (Seasonal Staff)

At McDonalds I have worked most prominently in the kitchen. Here I learned how to be quick and efficient when working; always looking for the best way to do the task at hand.

EDUCATION

Cramlington Learning Village, A-Levels

September 2018 - July 2025

I achieved AAB in my A-Levels: Maths, Physics and Geography. These grades show my willingness to work hard.

University Of Sheffield, Material Science and Engineering

September 2025 - July 2030

I have just begun my course at Sheffield.

PROJECTS

Rocketry

I 3D printed and launched my own rocket which I modelled myself. I used iterative design to perfect it. I had 3 failed attempts before my first successful launch which shows I am determined. After this, I redesigned the entire rocket more efficiently and included a parachute which all worked flawlessly on the first attempt.

SKILLS

Interpersonal skills - I have learnt how to communicate effectively in a team, especially in McDonalds where callouts are necessary.

Hard Working - I complete work regardless of the difficulty and always to a high standard.

UoS Rounders Club Captain - I was voted in to be club captain for 2026/2027.

AWARDS

DofE - Bronze 2022

IOM3 - Winner of the 2025 undergraduate outreach challenge
